

Surged from our rock support of 9700.

Sensex took our rock support of 9700 as given in our earlier report and shown a smart recovery and moving to our target of 11000 marks soon.

As we see the channel formation on the above chart and by that we foresee nearest target at 10770 marks.

Stocks :

In our last report we gave Orchid chemical a buy at 260 and now its at 305. and we hope that most of you might have made money in this fancy stock.

Bajaj auto this week it will show its colour, we suggest to hold the counter.

Midcap stocks are on the boom so capitalize on those stocks and mint money on the rise as they give breakouts.
